

REBECCA

"Proud recipient of the 2012/13 & 2014 New Home Buyers Customer Choice Award"

"Unique Home Concepts began in the same fashion as our homes are built, from the ground up. Our company's foundation is strongly formed on integrity and community values. We have grown over the years through quality craftsmanship and loyalty to our trades, suppliers and Unique family. We will strive to exceed our standards each year through our passion for what we create and support."

OUR UNIQUE STANDARDS

Main & Upper Floor: 1562 Sq. Ft.
Modified Bi-Level with 3 Bedrooms and 2 Full Bathrooms

- This open floor concept is incredibly spacious with its vaulted ceilings
- The Master bedroom completes the entirety of the upper 504 Sq Ft floor with a floor to ceiling tiled shower and custom shelved walk-in closet
- Our maple cabinetry allows for ample storage in the kitchen
- Bathrooms and entrance are finished in a contemporary tile
- Living Area is finished in a maple hardwood floor
- Our foundation is a full 8" concrete footing with two rows of 10mm rebar
- Our foundation is sprayed with a Rub-R-Wall membrane and additionally wrapped in a Geo-Wrap drainage composite
- We incorporate the use of spray foam insulation in all of our houses to ensure that each home is thoroughly protected
